

PRDOrdonancement/generationinstance.h

```
graph BT; A[PRDOrdonancement/fenetreprincipale.cpp] --> B[PRDOrdonancement/generationinstance.h]; C[PRDOrdonancement/generationinstance.cpp] --> B;
```

The diagram illustrates a header file structure. At the top is a gray rectangular box containing the text 'PRDOrdonancement/generationinstance.h'. Below this box are two white rectangular boxes. The left box contains 'PRDOrdonancement/fenetreprincipale.cpp' and the right box contains 'PRDOrdonancement/generationinstance.cpp'. Two blue arrows originate from the top-right corner of the left box and the top-left corner of the right box, both pointing towards the bottom edge of the top gray box, indicating that both source files include the header file.
